FEDERAL STANDARD

STANDARD FOR LABORATORY ATMOSPHERIC CONDITIONS FOR TESTING

Authority. This standard is issued pursuant to the Federal Property and Administrative Services Act of 1949, as amended, and its application to the purchase of commodities referred to herein is mandatory on all Federal agencies.

S1. Purpose and scope. This standard defines laboratory atmospheric conditions for testing whenever temperature and/or humidity must be controlled in order to obtain reproducible results.

S2. Application. These conditions for testing shall be standard for all testing under Federal specifications whenever temperature and/or humidity must be controlled, unless other conditions are specified by the specification or procurement document.

S3. Requirements. Laboratory atmospheric conditions for testing shall conform to the applicable provisions of American National Standard Z110.2-1964 - Standard Atmospheres for Conditioning and Testing Materials, Specification for (ASTM E 171-63) (Agrees with ISO R554).

(Application for copies should be addressed to the American National Standards Institute, Inc., 1430 Broadway, New York, NY 10018.)

S4. Note. It is recommended that the conversion of specifications, laboratory facilities and practices to the requirements of this standard be accomplished as soon as practicable.

Orders for this publication are to be placed with General Services Administration, acting as an agent for the Superintendent of Documents. Single copies of this standard are available at the GSA Business Service Centers in Boston, New York, Atlanta, Chicago, Kansas City, MO, Fort Worth, Denver, San Francisco, Los Angeles, and Seattle, WA. Additional copies may be purchased for 5 cents each from the General Services Administration, Specifications Activity, Printed Materials Supply Division, Building 197, Naval Weapons Plant, Washington, DC 20407.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document*(s)* or to amend contractual requirements.
