Title: DATA ACCESSION LIST (DAL)
Number: DI-MGMT-81453B
AMSC Number: F9810
DTIC Applicable: No
Preparing Activity: 11 (AFLCMC/EZSC)
Applicable Forms: N/A

Approved Date: 20170601
Limitation: N/A
GIDEP Applicable: No
Project No.: MGMT-2017-020

Use/Relationship: The purpose of the Data Accession List (DAL) is to provide a medium for identifying contractor internal data which has been generated by the contractor in compliance with the work effort described in the Statement of Work (SOW). The DAL shall also identify subcontractor/vendor data which has been generated per the Supplier Data Requirements List (SDRL) and the SOW. The DAL is an index of the generated data that is made available upon request for the period of performance of the contract as well as any additional period of time negotiated between the Government and the contractor and cited in the contract. The DAL is not a requirement to deliver all the data listed. The Government can use the list to order data from the list as cited in the contract.

a. This data item description (DID) is not a substitute for standard data requirements that are contractually applied.

b. This DID contains the format, content, and intended use information for the data deliverable resulting from the work task described in the solicitation.

c. This DID supersedes DI-MGMT-81453A.

Requirements:

1. Reference Documents. None.

2. Format. The DAL shall be in the contractor's format.

3. Content. The DAL shall specify internally generated data and computer software used by the contractor (including subcontractor/vendor data) to develop, test, and manage the program. The format and content of the data listed on the DAL shall be as prepared by the contractor to document compliance with the SOW Task and contract requirements.

3.1 The list shall include the identification number, title which shall describe content, security classification, and in-house release date.

3.2 The list shall also identify the Government Rights to the data using the following codes:

GPR - Government Purpose Rights
UR - Unlimited Rights
LR - Limited Rights
RR - Restricted Rights (computer software only)
CLR - Commercial License Rights for commercial technical data
CSLR - Commercial Software License Rights for commercial computer software and commercial computer software documentation
