DATA ITEM DESCRIPTION

Form Approved
OMB No. 0704-0188

Public reporting burden for this collection of information is estimated to average 110 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302, and to the Office of Management and Budget, Paperwork Reduction Project (0704-0188), Washington, DC 20503.

1. TITLE	2. IDENTIFICATION NUMBER
AIRCRAFT PROGRESS REPORT	DI-MISC-81462

3. DESCRIPTION/PURPOSE

3.1 This report describes flight services performed and other major support rendered, including training, planning data, and other aircraft activities.

3.2 This report shall be used to monitor and ascertain that the contractor is in compliance and is performing to contract schedule.

4. APPROVAL DATE (YYMMDD)	5. OFFICE OF PRIMARY RESPONSIBILITY (OPR)	6a. DTIC APPLICABLE	6b. GIDEP APPLICABLE
950127	N/PMA272		

7. APPLICATION/INTERRELATIONSHIP

7.1 This DID contains the format and content preparation instructions for the data product generated by the specific and discrete task requirements as delineated in the contract.

8. APPROVAL LIMITATION	9a. APPLICABLE FORMS	9b. AMSC NUMBER
		N7116

10. PREPARATION INSTRUCTIONS

10.1 Format. The report shall be in contractor's format.

10.2 Content. The report shall contain the following:

10.2.1 Aircraft Activities. A narrative of flight operations performed by each aircraft. If an aircraft was inactive during the period, explain why.

10.2.2 Training Activities. A narrative summary of all training performed during the period.

10.2.3 Other Activities. A narrative summary of other work performed, including the following items. (Indicate those tasks that were completed during the period including estimated completion dates of unfinished tasks):

a. Engineering reports such as, proposals, studies, designs, and test reports.

b. Fabrication, manufacturing, and procurement activity.

(Continued on Page 2)

11. DISTRIBUTION STATEMENT

Distribution Statement A: Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

Block 10, Preparation Instructions (Continued)

c. Installation and modification activity.

d. Coordination and planning activity with other organizations.

e. Technical instruction activity/completion.

10.2.4 Flight times and purposes. Include a tabulation of flight time summaries and purposes of those services (i.e., ship, exercise, land site test, crew training/check, functional check flight, etc.) and total flight times for each aircraft. Ferry times associated with the purpose shall be included in the flight times reported. Each entry shall be marked to indicate the category of the services provided (i.e., Fleet support, Research, Development, Test, and Evaluation (RDT&E) reimbursable support, or North Atlantic Treaty Organization (NATO) reimbursable support).

10.2.5 Fuel loads at contractor's facility. Include a tabulation of fuel loaded in each aircraft at the contractor's facility in gallons and type.

10.2.6 Hours flown and fuel used. Include a summary tabulation of hours flown and fuel loaded for the reported period for the entire fiscal year to date, showing data separately for Fleet support missions and associated ferry time, for RDT&E support and associated ferry time, and for NATO support missions and associated ferry time. This tabulation shall report fuel loads in gallons and by fuel type. Fuel loads shown shall include the fuel loaded at the contractor's facility. Hours flown for crew training, crew checks, equipment functional checks, and those associated with required visits to depot facilities and Naval Air Warfare Center - Aircraft Division (NAWC-AD) Patuxent River shall be included in the Fleet support summary.

10.2.7 Total airframe flight hours. Include a tabulation of total flight hours accumulated on each aircraft by contractor and all previous operators/owners of the aircraft.

10.2.8 Program flight hours. Include a tabulation of total hours flown by each aircraft in support of the Electronic Combat Services program.

10.2.9 Planning data. This section of the report shall contain planning data, except classified planning data. Classified data shall be by separate letter report. The items of data required below may be reported here or as enclosures. Data required shall include:

a. Flight plans, including estimated flight hours for the following month (unless classified).

b. Major support and liaison plans for the following month.

c. Total projected flight hours to be flown in support of RDT&E and Fleet exercises, and NATO for the remainder of the contract period.

d. Scheduled down times projected for each aircraft for the remainder of the contract period and the date of the next scheduled Period Depot Maintenance (PDM). (Show the next PDM date in each report though it may be the same as the previous month).

e. Status and estimated completion date of engineering studies and proposals.

f. Status and estimated completion dates of unfinished aircraft installation/modification tasks.

g. Estimated schedule for converting reported financial commitments to expenditures.

h. Significant training plans.

Block 10, Preparation Instructions (Continued)

1(10 Attachments. List and summarize each of the attachments included in the report. Attachments may be in the contractor's format and shall include the following:

a. Significant airframe and engine maintenance accomplished and projected for each aircraft.

b. Detailed flight reports for each aircraft (airplane flight log).

c. Summary of Government requisitions initiated, material turn-ins, and credits recorded.

d. Significant EW/avionics maintenance report.

e. Commercial purchases, material.

f. FY user/flight hours.

g. FY flight hours/fuel/material.
