Title: INFORMATION MANAGEMENT AND CONTROL PLAN (IMCP) FOR CYBERSECURITY MATURITY MODEL CERTIFICATION (CMMC)

Number: DI-MGMT-82509
AMSC Number: 10611
DTIC Applicable: No
Preparing Activity: MDA
Applicable Forms: None

Approval Date: 20251208
Limitation: TBD
GIDEP Applicable: No
Project Number: MGMT-2025-026

Use/relationship: This Data Item Description (DID) supports the Information Management and Control Plan (IMCP) for the Cybersecurity Maturity Model Certification (CMMC). It is separate and distinct from the IMCP for DoD Assessments (DI-MGMT-82383).

The IMCP describes the contractor's plan to protect and control the flow of Federal Contract Information (FCI) and Controlled Unclassified Information (CUI) within the supply chain.

The IMCP Supplier Compliance Supplement (SCS) is used to identify prime contractors and subcontractors, at all tiers of the supply chain, who develop, store, or transmit FCI and/or CUI. A link to a SCS template can be found in the Instructions for Use section of this DID (page 5).

This DID contains the format and content preparation instructions for the data product generated by the specific task requirement included in the contract.
