Data Item Description

Title: WEIGHT HANDLING PROCEDURES

Number: DI-SESS-82460
AMSC Number: N10518
DTIC Applicable: N/A
Preparing Activity: AS
Applicable Forms: N/A

Approval Date: 20250108
Limitation: N/A
GIDEP Applicable: No
Project Number: SESS-2025-006

Use/relationship: This certification of compliance with weight handling procedures applies to contractor personnel whose duties include the operation and use of all weight handling equipment for the on-site delivery and installation of a Hydraulic Actuator Test Stand (HATS) and any associated deliverables. The operation of all weight handling equipment shall adhere to NAVFAC P-307 (June 2016) Weight Handling Program Management. Applicable sections from P-307 include Section 11, 14 and Appendix P. The contractor shall prepare the "Certificate of Compliance" and the "Contractor Crane or Rigging Operation Checklist" in Appendix B. Prior to installation of equipment, a Lift Plan shall be provided by the contractor and approved by Government Weight Handling Team. The Lift Plan shall meet all requirements as listed in NAVFAC P-307 Section 11 Part G.

This Data Item Description contains the format, content, and intended use information for the data product resulting for the work task described by the contract SOW.

Requirements:

1. Reference Documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

2. Format. Use format as defined below. If the element does not apply to the platform or project, annotate as Not Applicable for that paragraph.

3. Content. The Weight Handling Procedures shall include the following:

3.1. The contract number.

3.2. Date.

3.3. The specific type, class, etc. of weight handling equipment to be used for the delivery and installation of the HATS.

3.4. A Lift Plan and Certification that is in compliance with NAVFAC P-307 (June 2016) with applicable sections 11, 14, and Appendix P.
